WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

NATIONAL PHOTOGRAPHIC INTERPRETATION CENTER

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

NPIC J-2813 (R/64)

SUMMARY

This installation covers approximately 1,653 acres approximately six kilometers (km) south of Zhitomir. It is north of Berdichev approximately 35 km and northwest of Zhitomir/Skomorokhi Airfield approximately 5.8 km (Figure 1). The installation is served by a rail siding from the main line between Zhitomir and Berdichev and is also road served by the main road connecting these same two cities.

The installation contains 123 buildings (Figures 2 and 3), including: four administration

buildings, 34 barracks and quarters-type buildings, one mess hall, one mess hall support building, 60 support-type storage buildings, 11 maintenance-type buildings, 11 widely dispersed ammunition storage buildings, and one unidentified building. Also within the limits of the installation there is one probable tank/assault gun firing range and one vehicle park. There was no significant change on KEYHOLE photography between [REDACTED]

DESCRIPTION OF INSTALLATION

Railroad Service

One rail spur from the Zhitomir-Berdichev rail line serves the area.

Road Service

The main road service is from Zhitomir, via the Zhitomir-Berdichev road.

Aircraft Landing Strips

Zhitomir/Skomorokhi Airfield with one concrete runway of 7,800 by 290 feet is 5.8 km southeast of the installation. Zhitomir Airfield, a sod surfaced field, is located approximately 6 km to the north.

Administrative and Troop Housing Areas

Area D1 contains one large L-shaped mess hall, one mess hall support building, three large multistory barracks with three adjacent latrine/washing buildings, 16 probable officers quarters, and 15 family-type quarters.

Area D2 has two U-shaped administration buildings and two support buildings. Area D3 has one T-shaped administration building, and one irregular-shaped administration building.

General Storage Area

Area E contains one large single-story building and 17 small single-story buildings.

Ammunition Storage Area

Area F has 11 single-story ammunition storage buildings that measure 110 by 35 feet each.

Other Buildings

Area H has an unidentified single-story building.

Equipment Storage/Maintenance Areas

Area J1 has one rail-served maintenance/offloading building 500 by 140 feet, four maintenance buildings 150 by 50 feet, one H-shaped maintenance building 250 by 200 feet with 70-foot wings; one L-shaped storage building 170 by 80 feet, two L-shaped storage buildings, and 17 support-storage buildings.

Area J2 has a modified-U-shaped maintenance building that measures 170 by 50, 155 by 85, and 160 by 50 feet; an L-shaped maintenance building that is 460 by 35 and 170 by 35 feet; two maintenance/storage buildings 140 by 50 feet each; 23 support-storage buildings; and one vehicle park 450 by 140 feet in area, adjacent to the L-shaped building.

Tank/Assault Gun Firing Range

Area N is 900 feet long and has one 700-foot lane; the target is unknown.
